PROGRAMME NOTES

Today we are visited by Gloucestershire R.U. who last season became County Champions of England. A glance at this programme will show the immense strength of their team drawn mainly from two of the strongest club sides in Great Britain. We extend a sincere welcome.

Devon field a team which promises much; in comparison to our opponents' known ability many of our own players have yet to establish reputations outside their own county. This season they have shown ability, courage and above all the will to win. A programme of intensive preparation and coaching by Clive Cross has brought its rewards and their four successive wins against Surrey, the Royal Navy, the Romanian Touring XV and Somerset have been well earned. Today's match will not only be a test of skill but one of character. We look forward to an interesting and enjoyable game.
